Profile

I am a dedicated MCA student with a strong interest in programming and web development. With a B.Com background and hands-on experience gained during my internship as a Frontend Developer, I have successfully developed projects using HTML, CSS, JavaScript, I have working knowledge of Python, C, C++, and Java, which enhances my versatility as a developer. I am a fast learner who adapts quickly to new technologies and trends, aiming to contribute meaningfully to forward-thinking projects while continuously refining my skills for both personal growth and organizational success.
